Cynthia

I just provided last set of revisions to DOT yesterday and they are working on signature form Director. You should have shortly.

I call regarding disposal application would be good.

Hello Dennis,

I hope all is well. When you get a chance, can you please provide me with a status update of the PCB activities and the risk-based disposal application submittal for the Kapalama site? Also, if you still have concerns or need any additional clarification regarding the disposal issue with MIS, we can certainly set up a conference call. Please let me know if this is something you're interested in discussing further.

Thanks,
Cynthia
